WOOD CARRIAGE DOORS CLEAR WESTERN RED CEDAR

*the perfect wood...no knots, no movement, extreme rot
resistance...stain or paint grade*

Clear western red cedar has a limited number of natural characteristics. It is specified when appearance of the highest quality is desired. It is a highly revered, durable wood that is naturally resistant to rot, decay and insect attacks, which means it will last longer and require less maintenance than other woods. Available in stain grade or paint grade options.

WOOD CARRIAGE DOORS RUSTIC WESTERN RED CEDAR

the perfect wood...smooth, tight knots, more character... no movement, extreme rot resistance...stain or paint grade

Rustic western red cedar presents a more rustic appearance with tight knots, burls and other natural markings. Rustic red cedar adds more character to the garage door. It is a highly revered, durable wood that is naturally resistant to rot, decay and insect attacks, which means it will last longer and require less maintenance than other woods. Available in stain grade or paint grade options.

WOOD CARRIAGE DOORS

ARAUCO T1-11

the highest quality ruff-sawn plywood with rot resistant western red cedar rails and stiles...stain or paint grade

Our T1-11 doors include a structural wood frame with ½" thick ruff-sawn plywood exterior face and ¾" clear western red cedar face boards. Our AraucoPly® garage doors include an insulated core and rigid smooth flush interior MDF skin. The AraucoPly® series doors are available in three and four section tall designs. Available in stain grade or paint grade options.

WOOD CARRIAGE DOORS EXTIRA COMPOSITE V-GROOVE

*vertical v-groove design...rot proof full EXTIRA composite
exterior...paint grade only*

Our Extira doors include a structural wood frame with ½" thick smooth Extira v-groove plywood exterior face and ¾" smooth dimensional Extira lumber face boards providing a fully rot resistant composite garage door that accurately simulates a v-groove skin. Doors include an insulated core and rigid smooth flush MDF interior skin. Available in paint grade only.

WOOD CARRIAGE DOORS

SMOOTH MDF COMPOSITE SKIN

perfectly smooth Duratex composite exterior skin (flat recessed panels)

Our Duratex MDF doors include a structural wood frame with perfectly smooth flat recessed panels and ¾" smooth dimensional Extira lumber face boards. Our Duratex garage doors include an insulated core and rigid smooth flush interior skin. They are available with arched top and glass top sections. Paint grade only.

WOOD CARRIAGE DOORS

SMOOTH MDF COMPOSITE SKIN

perfectly smooth Duratex composite exterior skin (flat recessed panels)

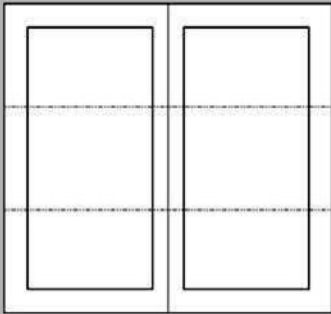

Our Duratex MDF doors include a structural wood frame with perfectly smooth flat recessed panels and ¾" smooth dimensional Extralumber face boards. Our Duratex garage doors include an insulated core and rigid smooth flush interior skin. They are available with arched top and glass top sections. Paint grade only.

PROFESSIONAL SERIES LIFTMASTER ELECTRIC OPERATORS

with innovative features, our professional series is a smart choice to meet all your needs

MODEL 8160W

- DC Chain Drive Wi-Fi
- Included accessories... 1) 3-button remote control (893LM). 2) Multi-function control panel (882LMW)
- Includes (1) 100 watt light bulb (front)
- 4 year motor warranty, 1 year parts and accessories warranty
- Features built in Wi-Fi
- Features soft start/stop
- **Very quiet**

MODEL 8355W

- ½ Horsepower AC Belt Drive Wi-Fi
- Included accessories... 1) 3-button remote control (893LM). 2) Multi-function control panel (882LMW)
- Includes (2) 100 watt light bulbs (front to back)
- Lifetime motor warranty, lifetime belt warranty, 1 year parts and accessories warranty
- Features built in Wi-Fi
- Features motor vibration isolation system

MODEL 8360W

- DC Battery Backup Capable Chain Drive Wi-Fi
- Included accessories... 1) 3-button remote control (893LM). 2) Motion detecting control panel (886LM)
- Includes (2) 100 watt light bulbs (front to back)
- Lifetime motor warranty, 1 year parts and accessories warranty, 1 year battery warranty (sold separately)
- Features built in Wi-Fi
- Features slot for battery backup (must be purchased separately)
- Features soft start/stop
- **Super quiet**

ELITE SERIES LIFTMASTER ELECTRIC OPERATORS

with numerous innovative features our elite series contain the highest end garage door operators on the market

MODEL 8550W

- DC Battery Backup Belt Drive Wi-Fi
- Included accessories... 1) 3-button remote control (893MAX). 2) Smart control panel (880LMW). 3) Integrated battery backup (485LM)
- Includes (2) 100 watt light bulbs (side to side)
- Lifetime motor warranty, lifetime belt warranty, 5 year parts and accessories, 1 year battery warranty
- Features built in Wi-Fi
- Comes standard with battery backup
- Features soft start/stop
- Features timer-to-close
- **Quietest operator in the Liftmaster lineup**

MODEL 8587W

- ¾ Horsepower AC Chain Drive Wi-Fi
- Included accessories... 1) 3-button remote control (893MAX). 2) Smart control panel (880LM)
- Includes (2) 100 watt light bulbs (side to side)
- Lifetime motor warranty, 5 year parts warranty, 1 year accessories warranty
- Features built in Wi-Fi
- Features motor isolation vibration system
- Features timer-to-close
- Provides the maximum power to lift the heaviest of doors

MODEL WLED

- Belt Drive Wi-Fi
- Included accessories... 1) 3-button remote control (893MAX). 2) Smart control panel (880LM). 3) Integrated battery backup (485LM)
- Includes (2) 100 watt light bulbs (side to side), plus super bright LED lights
- Lifetime motor warranty, lifetime belt warranty
- Features built in Wi-Fi
- Features motor isolation vibration system
- Features timer-to-close
- Includes everycharge standby power system (485LM) - after power goes out, the standby power will operate the garage door opener for 40 cycles within a 24-hour time period
- **Quietest operator in the Liftmaster lineup (includes super bright LED lights)**

ELITE WALL MOUNT SERIES LIFTMASTER ELECTRIC OPERATORS

with numerous innovative features our elite series contain the highest end garage door operators on the market

MODEL 8500

- DC Battery Backup Capable Wall Mount
- Included accessories... 1) 3-button elite remote control (895MAX). 2) MyQ control panel (888LM). 3) Remote light (380LM)
- Light control fixture can be mounted anywhere in the garage (bulbs not included)
- Lifetime motor warranty, 5 year parts warranty, 1 year accessories warranty, 1 year battery backup warranty (sold separately)
- MyQ capable (requires internet gateway)
- Features slot for battery backup (sold separately)
- Features soft start/stop
- Features timer-to-close
- Wall mount design frees the garage ceiling of hanging operators and rails, as well as eliminating sound and vibration through the ceiling

MODEL 8500W

- DC Integrated Battery Backup Wall Mount Wi-Fi
- Included accessories... 1) MyQ remote LED light (827LM). 2) Integrated battery backup (485LM). 3) Automatic garage door lock (841LM). 4) 3-button elite remote control (893MAX). 5) Smart control panel (880LMW).
- Light control fixture can be mounted anywhere in the garage (bulbs not included)
- Lifetime motor warranty, 5 year parts warranty, 1 year accessories warranty, 1 year battery backup warranty
- Features built in Wi-Fi
- Features integrated battery backup
- Features soft start/stop
- Features timer-to-close
- Wall mount design frees the garage ceiling of hanging operators and rails, as well as eliminating sound and vibration through the ceiling

ACCESSORIES OPENER ACCESSORIES

take further control of your garage door opener by pairing it with one of our accessories

893MAX TRANSMITTER

This transmitter can control up to 3 garage door openers, gate operators, or MyQ enabled light devices. Is compatible with all LiftMaster garage door openers manufactured since 1993.

877LM KEYPAD

This wireless keyless entry system lets you open or close your garage door without using a remote control or key. This wireless keyless entry system opens the door by a private 4-digit code you program directly into the unit.

LASER PARK [975LM]

Park perfectly every time. This high-tech solution helps you maximize usable garage space by letting you know exactly where to park and when to stop.

GARAGE DOOR MONITOR [829LM]

Monitor and close up to four garage doors or gates from any room inside your house. Compatible with MyQ enabled garage door opener or MyQ control panel.

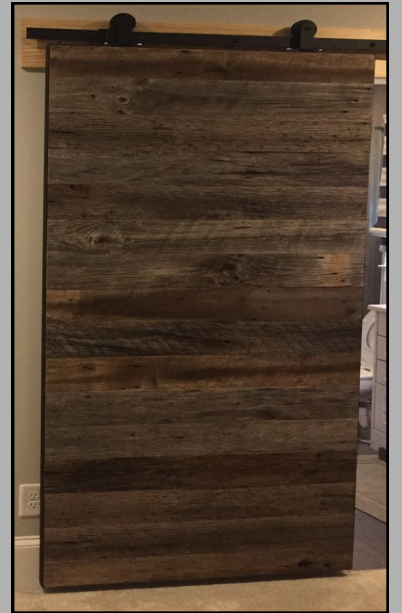

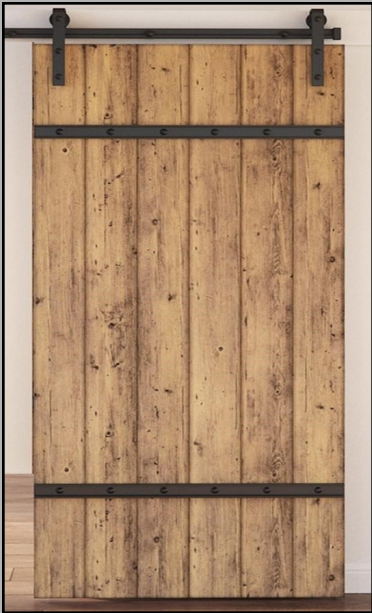

INTERIOR DOORS
